Work Experience

Shopify Theme Specialist

2017 – Present

Self-Employed

Freelancer

Focusing solely on the Shopify ecosystem, I've worked on a cartload of sites over the years: building, fixing, adjusting, and optimising the technical aspects of stores for agencies and merchants.

Shopify Developer

2022

Fostr

Contractor

I joined 20+ other developers as a contractor, working on brands such as Dermalogica and Victoria Beckham.

Shopify Developer

2020 – 2021

Field Work

Contractor

In collaboration with another developer, I custom-built a couple Shopify Plus themes, as well as customised a variety of sites for B Corporations.

Shopify & Wordpress Developer

2016

Larsen Consulting

Contractor

Alongside the founder, I rebuilt the agency's website and customised various clients' stores on Wordpress & Shopify.

Webmaster

2015

Ninjapparel

Employee

Functioning as an integral cog of an e-commerce startup: from operations to customer support it's where I was introduced to Shopify and what it takes to run an e-commerce store.

Education

Post Graduate Diploma in Business Management

2012

Wits Business School

Attained an understanding of how businesses are meant to be run.

Bachelor of Social Science

2009 - 2011

University of Cape Town

Majored in Anthropology and English Literature, part of Golden Key society.
